Gary:

The transportation estimates in the 1900-55 are estimates. The transportation cost were crossed check when I approved the invoice and were close to what we had estimated. I will pass the second note on to Steve.

Leroy:

It generally looks fine. I do have 2 comments:

- 1. Please double check the transportation costs on the Lonestar invoices to insure that they agree with your time for the transportation.**
- 2. Also, when you have a final on a the 1900-55 that combines several invoices, it should have a summary table that includes rates, volumes, cost and total costs which equal the invoices amount.**
